

agiles Group Earns Certified for Microsoft Dynamics NAV Accreditation

Hamburg, April, 2017

Hamburg, Germany – April, 2017 – agiles Group announced today that their vertical solutions for consumer goods trade in the food and non-food sector is now Certified for Microsoft Dynamics NAV, which signifies that the solution has met Microsoft Corp.'s highest standard for partner developed software. By successfully meeting all certification requirements, agiles vertical solutions for consumer goods trading may now carry the distinct Certified for Microsoft Dynamics NAV logo.

Solutions that are Certified for Microsoft Dynamics NAV have demonstrated quality and compatibility with the Microsoft Dynamics NAV product on which it runs by passing rigorous VeriTest software solution testing. These solutions are then profiled in the Microsoft Partner Solution Profiler Tool.

This certification represents a significant step in elevating the standard for partner-developed software solutions for industry-specific business applications. By highlighting these solutions, Microsoft also creates new opportunities for partners to expand their reseller channel and to better promote their packaged Microsoft Dynamics solution for customers.

“By requiring both the software solution and the partner to meet Microsoft’s highest standards, Microsoft is assuring customers that these certified solutions are compatible with their investments in Microsoft Dynamics NAV.” Microsoft congratulates agiles Group on achieving the Certified for Microsoft Dynamics NAV status for their vertical solutions for consumer goods trading by demonstrating its success and commitment in delivering a leading Microsoft Dynamics NAV solution.

The agiles Group has more than 25 years of experience as a Microsoft competency partner. It offers innovative solutions for international trading businesses with an emphasis on integrated software solutions. Specialties include wholesale and packaged consumer goods, providing a perfectly tailored ERP solution – based on Microsoft Dynamics NAV, delivered to a full spectrum of non-food, near-food and food trading industries.
